Ramadan Iftars:

The clean up efforts have been working much better this year due to the efforts of the Ramadan Committee. The people in charge of the clean up will be reminded to make sure all trash is collected from the grounds and taken to the garbage bin. The prayer space was also a concern. Before the maghrib, mats will be placed outside the emergency door for overflow of men during prayer.

The Irving Masjid Proposal:

Irving Masjid is asking area masjids to loan them money (\$50,000) to be returned after one year. The board would like to consider this proposal, but only in collaboration with other masjids. Any decision will be presented to the community before money is loaned.

Events at the Masjid:

A week ago, an email was sent out to the FM Muslims group, inviting the ladies to come to a, "Chaand Rat" party. The event was not approved by the board. The event was discussed and not approved after discussion. The ladies responsible for sending out the email will be responsible for communicating that the event will be canceled.

Fund Raiser:

The committee has had difficulty finding a very popular speaker because our organization does not have national notoriety. The board will continue to work with the fundraising committee to find a good speaker and nice place for our event.

Contracts and Employees:

An office manager will be interviewed to work 10 hours a week. This person will be responsible for following up for fundraising pledges, complete todo's from the board, clean up our lists, and create a monthly newsletter. This person would be supervised by an appointed board member.

Audit:

Br. Babar gave the auditor some information. Br. Razaq or Br. Saife will sign a paper to allow the auditor to request bank documents for review.
